The last Preparatory Committee (PrepCom) for the 2015 Nuclear Non-Proliferation Treaty Review Conference will take place from April 28 – May 9, 2014, in New York City.

A few weeks after the Mexico conference addressing the humanitarian consequences of nuclear arms, the debate on nuclear disarmament has returned to the international agenda. Official and civil society supporters of a world without nuclear arms meet again with those who insist on retaining them (particularly the P5 world powers).

The International Peace Bureau, International Network of Engineers and Scientists for Global Responsibility, International Association of Lawyers Against Nuclear Arms, and the Rosa Luxemburg Stiftung—New York Office, with the support of the Foundation for Peace Education are once again organizing a series of joint side events at the NPT PrepCom.

We would also like to invite you to the conference “Facing the Danger of a 21st Century Great Power War: A Conference on the Centenary of World War I” on Saturday, May 3, 2014.

We hope you can join us for some interesting debates.
